

Affiliates Report

Fall 2018

Affiliation Process

There are no changes planned for this winter's process.

Other Affiliate Issues

A request came in for a club to print ITJs for distribution. Since this is not a money-maker for AIS, I see no reason not to make this available to clubs. It saves us printing cost and helps spread the word to the public. I would like the Boards approval to send this out to all clubs or make it available for download.

We may also want to print bookmarks with the AIS information on them for handouts. They are cheaper than ITJs and last longer.

Lastly, I am willing to keep this position or turn it over to anyone interested. There are written procedures and timelines for the Affiliation process, templates for correspondence and spreadsheets for tracking it. Please let me know if there is anyone interested.

Respectfully submitted,

Jody Nolin
