Novelty Iris Society

Summer 2018

I have been coordinating reporting for Section Happenings for 4 issues of Irises. The response from Sections has required some reminders, even though it provides an opportunity for them to get some free publicity for their events/sales, etc. As you can see several have not responded to my requests for either Summer or Fall issues. There is always a question about who should be contacted, the President or some other officer.

Phyllis Wilburn, Section Happenings Coordinator
