## Exhibition Show Reports - Spring 2018

**Medals** - Last year there were 127 silver medals and 128 bronze medals awarded. A combination of donated medals, clubs that indicated no medals were needed, and our stock of medals already on hand did not cover this so additional medals (150 of each) were ordered. Currently we have 116 of each type on hand from this order.

**Online Resources** - Again this year the calendar of shows is online to help irisarians plan their show visits. See it at:

<http://wiki.irises.org/Main/InfoShowCalendarByDate2018>

We have also created two other online pages for show committees. One has resources and reference material:

<http://wiki.irises.org/Main/InfoIrisShows2018>

The other contains a spreadsheet which will show when we have received each show report and its status:

<http://wiki.irises.org/Sandbox/TestSpreadsheetEmbed>

We were already tracking each show's status on this spreadsheet. This year we have made it visible to everyone.

**Publicity** - We will again be working with the clubs to help publicize their results.
