

AIS Board, April 9-10, 2018
New Orleans, LA
Committee to Revise the *Judges Handbook*, Betty Roberts, Chair

For all practical purposes, the changes that will be made to the *Judges Handbook* are now in. Since it has been some time since we started this task, I shall send the revisions back to the individual committees for final approval and ask that submissions be written in paragraph form rather than simply listing the changes. As each committee completes this task, final typing shall begin. (Does anyone know if we have a copy that can be amended?)

I have contacted a print shop at our local library about the printing of the *Handbook*. Can anyone recommend a firm we've used before that will provide good service? I think we should have at least 3 bids. Also, I need to know how many copies we should print.

Please change my email address to: bettytroberts@gmail.com. (Note the t between betty and roberts.)

Thanks!
