

SYMPOSIUM REPORT

After the AIS Fall Board Meeting in Dallas I received the voting results from Region 21. I then merged those results with the incomplete results I shared at the board meeting. That gave me the final 2017 results which are partially listed below.

The TOP 10:

1. DUSKY CHALLENGER	135
2. GYPSY LORD	107
3. QUEEN'S CIRCLE	107
4. THAT'S ALL FOLKS	99
5. JESSE'S SONG	91
6. FLORENTINE SILK	84
7. THORNBIRD	84
8. IMMORTALITY	83
9. CONJURATION	80
10.DAUGHTER OF STARS	79
11.SILVERADO	79

Note: There was a tie for 2 & 3, 6 & 7 and 10 & 11.

The revised 2017 results were sent to the Editor and were printed in the winter edition of IRISES. This is where the final results appeared first.

After the winter edition of IRISES was received by members the 2017 final results were then sent to the Electronic Services Chairman and the results were posted on the AIS website.

The 2017 symposium final results were then sent to Wayne Messer. He told me that he will place them in the April issue of News And Notes.

The 2017 symposium final results were also sent to Bob Pries for posting on the wiki.

The 2018 AIS TB Symposium Ballot has been constructed. It was sent to the Editor and will come out as a separate supplement in the spring issue of IRISES.

I will soon be constructing a 2018 Symposium Count Sheet to aid the RVP's when they are tabulating the ballots for their respective regions. When completed, I will send it to Howie Dash for distribution to the RVP'S.

Please all AIS Officers, Directors and Chairpersons set a good example by voting the AIS Symposium Ballot when you receive it in the spring. Then return it to your RVP before September 1st, 2018.

Riley Probst

AIS Symposium Chairman
