**American Iris Society
Judges and Show Officials Handbook Update**

By: Bonnie J Nichols

Claire, Jody and I have made good progress working through the various chapters of the Handbook. Thanks to Gerry Snyder for working with us to setup a Google drive folder. Once the chapters have been re-typed we have sent the information to various section presidents and/or seasoned hybridizers and judges to get their feedback and updates. We are currently working through the last few chapters of the beardless and "other classes" of irises.

Thank you,

Bonnie J Nichols
