

For the February AIS Board meeting:

The Centennial Committee would like to propose that:

- The price be **\$12 for each new Centennial medal**, which could include shipping, and that we offer a 2020 Convention special for \$10 each.
- The price for the 50th Anniversary medal be \$5.00 each since there are still many left (and the current price of \$2.50 is too cheap).
- The 75th Anniversary medals be sold as a set of three (with centennial and 50th) at \$50 for the set, to include shipping -- there are only 10 of these medals left.

The Centennial medals are being produced and will be ready in early March. They will be shipped to Lori Galletti in PA and she will bring to the Convention.

We're paying: \$6629.94 for 2,000 medals, or \$3.31 each.
