

The American Iris Society

Exhibition Show Reports - February

2021

In 2020 there were only 2 of the scheduled shows held. These were the White County Iris Society held April 24th and the Mio Irisarians held June 13th. Both involved social distancing and requiring masks.

A few clubs held virtual iris shows in place of their approved physical shows. The Mt. Diablo Iris Society shared their virtual experience in the Fall 2020 *Irises Bulletin*. We collected details on all planned 2020 virtual shows at:

<https://wiki.irises.org/Main/InfoVirtualIrisShows2020>

Virtual iris shows may have a continuing place in AIS. The Mt. Diablo Iris Society has one planned for 2021.

AIS should investigate the opportunities offered by virtual shows as well as provide guidance on use. To continue this discussion see:
