## **Committee for Electronic Services — John Jones Chmn.**

**Question from an Irisregister subscriber: Could a CD of the data base be made and sold to clubs to use at the classification table for shows? It sure would make life easier at the shows and make the entry process faster. Sherryl**

### **Online Subscription Service**

The online membership subscription service using PayPal continues to work well.

### **Digital Projector**

The digital projector continues to be used throughout the year. Everyone that has used it has been very complimentary on its ease of use and how great it is to be able to view digital pictures

### **AIS Website (irises.org)**

The website redesign process is creeping forward.

### **Generic Email Addresses**

Generic email addresses (something@irises.org) have been assigned to all AIS Board members and Committee Chairs and are forwarded automatically to their normal email addresses. A problem exists with generic addresses that are forwarded to AOL accounts.

The generic addresses are now listed on the AIS website and in the AIS Bulletin. I am in the process of creating generic email addresses for the RVPs. Once I have finished that task I will convert the addresses for the AIS email lists to their generic equivalents.

### **Members Only Website Section**

I have not implemented the Members Only section yet. I have not resolved how to present the back issues of the Bulletin that we have, nor is there additional content yet.

### **Membership Lookup**

The Membership lookup site is fully operational and is updated directly by the AIS Membership Secretary as needed.

### **AIS Website**

The AIS Website continues to be managed in an extremely professional way by Chris Hollinshead. Many thanks and congratulations to him.
