

**SECTION LIAISON CONSULTANT  
SPRING 2008 REPORT  
Austin, TX, April 14-15, 2008**

***Section Happenings column:*** I have now written eleven columns since this debuted in October 2005. I continue to remind the Section and Cooperating Society officers to communicate with me to utilize this column as a public relations venue publicizing their specialty group. Some do but most still do not.

**Section Mini-conventions:** It has been the intent of the AIS Board that this function be the liaison or contact point to foster Section cooperation to avoid conflicts in dates of future mini-conventions. This has worked reasonably well. Section and Cooperating Society officers are reminded to contact the Section Liaison Consultant before “setting in stone” any proposed mini-convention.

**Section Representative’s Convention Meeting:** This meeting is scheduled for 7:00 P.M. Tuesday, April 15, 2008 in Austin, TX. It precedes the last session of the AIS Board Meeting set for 8:00 P.M. the same date.

There are a number of topics on the Section agenda that may come forward to the AIS Board for consideration.

Respectfully submitted,

Jim Morris  
Section Liaison Consultant
