The AIS Registrar continues making great progress in normalizing the electronic database and as updates are available they are uploaded to the online file.

Online Subscription Service

The online membership subscription service using PayPal continues to work well.

Digital Projector

The digital projector continues to be used throughout the year. Everyone that has used it has been very complimentary on its ease of use and how great it is to be able to view digital pictures

AIS Website (irises.org)

The templates of the new pages for the redesigned website are complete. We are having an issue with the new version of one of the software programs used to create the website. We are working on resolving the issue.

We have a new feature to demonstrate.

AIS Wiki

The AIS Wiki has been created and is well along the road to being able to be opened for operation. Bob Pries and Catherine Button have done an excellent job.

Members Only Website Section

Still to be determined is what content the Members Only section will contain and how access will be administered.

Membership Lookup

The Membership lookup site is fully operational and is updated directly by the AIS Membership Secretary as needed. We have gotten very positive reaction to the service.
