

**AIS Ad Hoc Committee to Study
The Canadian Iris Society Request for Cooperating Society Status**

May 11, 2009 Report

At the November 2008 Board of Directors meeting we reported that this request would require a reasoned and thorough review. This request doesn't "fit" our present AIS structure and the committee chairman believes that we should wait for initial input from the AIS Ad Hoc Committee on Regional Realignment before proceeding further.

Chuck Chapman has resigned as Canadian Iris Society liaison to this committee and Sandy Ives has been approached to replace him by CIS president Ed Jowett.

Jim Morris
Committee Chairman
