

Secretary_Report_Spring_2010

Everything continues to go along smoothly. The Dykes medal has been received. There were a number of electronic ballots conducted between the time of the Fall Board Meeting in November and the present date.

1. "That AIS print no more than 10,000 copies of the "Invitation To Join" brochures. Should the initial supply be exhausted prior to the next update, AIS (Storefront) would go to a "Print on Demand" basis. The Ludi's would provide this service."

The motion passed. There were 13 YES votes, 2 NO votes and 2 abstentions.

2. "That the AIS create the Iris Encyclopedia; an information resource in a wiki format which allows registered users to upload comments and photos. These pages are verified by knowledgeable docents who create and or monitor pages for accuracy. The rock on which this data is built is the registrations created by the International Registrar. And that the Wiki always be viewable freely and universally"

The motion passed. There were 15 YES votes, 0 NO votes, and one abstention.

3. "I move that any business that, by virtue of their advertising in the AIS Bulletin, qualifies for listing on the Commercial Directory on the AIS website be allowed to submit one (1) iris picture to be included in the rotating library on the AIS Home page. Said pictures to be included in the library from February through May for Bearded irises and June through September for beardless irises and that said time frames be at the discretion of the Electronic Services Committee Chair."

The motion passed. There were 15 YES votes, 0 NO votes, and one abstention

4. "That AIS accept the bid for Rogers Looseleaf for 200 binders including boxes and dye cast for \$1410 plus \$150 shipping to Oregon, and that these be offered through the storefront at \$20 each plus shipping. But that AIS members receive a 30% discount, in other words they would pay \$14 plus shipping. Also that AIS have a special pre-printing price of \$12 each plus shipping for those orders received before April 30."

The motion failed. There were 9 YES votes, 5 NO votes, and 2 abstentions.

5. "That the AIS immediately stop offering multiple year Irisregister subscriptions."

The motion passed. There were 14 YES votes, 0 NO votes and 2 abstentions.

Respectfully submitted,

Michelle Snyder
AIS Secretary
