

**Image Coordinator  
Fall 2013  
Janet Smith**

Information continues to be sent out to the hybridizers registering their iris. To date no photos have been received.

Robert Pries informed me that the hybridizers are sending their photos directly to him. I do not know if he is obtaining copyright permission.

What is the suggestion of the Board of Director's as no photos are being received by hybridizers to the Image Coordinator.

Motion:

If it is the will of the BOD replace the coordinator or disband this position due to lack of interest.

(Note AIS Digital Programs continues to receive introduction photos for various programs.)
