

Registrar-Recorders — John Jones & Joanne Prass-Jones

Status

I continue to refine and smooth my processes. I have not made any progress on having the registration process on-line and directly available to the registrant. I hope to have a fillable PDF version of the Registration form ready to test soon. I am delivering more and more reserve forms electronically. Much on the registrar's business can be conducted electronically. With a few exceptions, registrants have email. I accept electronic versions of the registration forms mostly from foreign registrants.

To date there have been 633 registrations and 186 reserves with a current backlog of about 100 registrations. Any registrations received after October 31st will be entered in the 2014 registration year.

To date we have received about \$7000 in North American registrations and reserves and About \$2800 in foreign registrations and reserves.

Print On Demand

The as needed printing of the 2009 Check List and the 2011 R&I seems to be working smoothly. Both publications have been reordered several times without problem. The plan is to publish the 2012 R&I in the same manner.

Payments by foreign using PayPal seem to be working reasonably well.
