

31 Mar 2013

## **Committee for Electronic Services — John Jones Chmn.**

### **On-Line Registration Checklist Database.**

Data for irisregister will be updated with the 2012 R&I information shortly.

### **AIS Website**

An index has been created (thank you Janet Smith) and is being implemented.

A search capability has been developed for the AIS Website and is being implemented. It will be available on the Home page. It is a Google tool and has some advertisements on the results pages. We are considering how else to implement it. It is currently available on the Member\_Services Conventions\_Activities page.

### **Digital Projector**

The digital projector continues to be used throughout the year. Everyone that has used it has been very complimentary on its ease of use and how great it is to be able to view digital pictures.

### **AIS Website (irises.org) / E-memberships**

The AIS website has been configured for ememberships with previous bulletins from Jan 2013 through Jan 2010 and the Basic Iris Culture. Emembers have access to irisregister as well.

When the next bulletin goes to press and I receive the PDF, I configure the bulletin for online display and send the files to Chris to place on the website.

### **Membership Lookup**

The Membership lookup site is fully operational and is updated directly by the AIS Membership Secretary as needed.

### **Judges Lookup**

Judges Lookup is not yet implemented.

### **Bulletin Scanning**

The Bulletin scanning project is complete. All the scanned documents are available online as part of eMember services. A complete set is also available at the AIS Library. The Board needs to decide:

1. Whether the AIS library may make electronic copies of individual bulletins, or subsections thereof for non-AIS eMembers and non-AIS members.
2. What other libraries should receive copies of the complete set and under what terms of disclosure they need to agree.
