

AFFILIATIONS 2014 FALL REPORT

There are currently 162 affiliates. Down by 7 from last year. We lost 1 affiliate in Regions 2 and 15. We lost 2 affiliates in Region 14, and we also lost 3 affiliates in Region 7.

Unfortunately most of the RVPs have been a stumbling block in getting the affiliation paperwork out to the affiliate presidents in a timely manner and then getting the finished paperwork back to AIS before the deadline. About half waited until the deadline and two RVPs sent in their paperwork and checks more than a month late. This lateness is totally unacceptable.

The RVPs also need to be more involved in helping the affiliates.

Respectfully submitted,

Susan Boyce
