Committee for Electronic Services — John Jones Chmn.

AISDiscuss Email

AOL continues to be a (sporadic) problem for AISDiscuss email, ejecting any mail sent to AOL addresses. I know of no persistent cure and we have to address the problems as they occur.

Generic irises.org Email

The mitigation of the problem of too much spam being forwarded to Gmail accounts seems to be holding. If the problem grows further action may be necessary and individuals may have to set their email clients to directly retrieve mail sent to their generic irises.org addresses.

Online Subscription Service

The online membership subscription service using PayPal continues to work well.

Digital Projector

The digital projector continues to be used throughout the year. Everyone that has used it has been very complimentary on its ease of use and how great it is to be able to view digital pictures.

AIS Website (irises.org) / E-memberships

The service continues to work well.

Membership Lookup

The Membership lookup site is fully operational and is updated directly by the AIS Membership Secretary as needed.

Electronic Serviced Chair

As we have found a individual to take over the Electronic Services Chair this will be my last report in that function. I wish to thank the AIS Board and other AIS members for their support of my efforts over the past 15 years. It has been an interesting challenge moving this body into the electronic world.
