

American Iris Society  
Board of Directors  
November 6-7, 2015, Omaha, Nebraska  
Betty Roberts, Chair, Judges Handbook Revision Committee

Thanks to a few members of this committee for their fairly recent contributions to the revision of the Handbook. We now have updates to the following chapters:

The Median Section,  
Chapter 16, Japanese Irises, and  
Chapter 17, Louisiana Irises.

I have corrections to Chapter 24, Collection Classes, and Chapter 27, The Artistic Division, made in my Handbook, and retyping will take place soon.

Some members of the Spuria Iris Society have submitted changes to the Spuria Chapter, but they haven't completed their revisions.

Typing of the newly revised chapters will take place in the coming months, and then we'll be able to submit the material to the AIS Board for their approval.

Yes, some progress is being made; however, some of the cooperating societies have yet to name members to their committees. This must be done ASAP in order for us to have any kind of vision for completion of a revised Handbook.
