2015 Spring AIS Report – Program Speaker Status

There are currently 78 speakers in the program.

Action Taken:

Requests were sent to RVPs asking them to contact those within their region they felt would be willing to present Iris related programs and/or judge's training classes to others.

From the initial request I did receive 6 responses: 2 were "new"; 4 were updates. I've also received 2 requests from active judge's wishing to be included in the program, and they are happily being added.

For this program year I received only 1 request: They needed a specific speaker who could present a program *and* provide a Judge's Training class.

Propose:

We will retry the RVP contact route this summer, however, we may also contact judges directly to assay their interest.

Gordon Carver, Chair
