

AIS Exhibitions Committee Report – Part I, Schedules

Fall 2016

I have approved 135 shows so far in 2016, including one fall rebloom show. I anticipate only one more rebloom show (Oconee Valley Iris Club in Milledgeville, GA) since Region 4 did not hold a rebloom show this year. This means the number of shows has held steady compared to last year's 134.

Expenses were up slightly, since I wasn't able to hit a sale on certificate paper and I had to print a completely new supply of show certificates with the signature of the new AIS President. With the decrease in postage rates and carryover of more supplies, I should be able to lower expenses a bit next year.

Respectfully submitted,

Lois Rose
