

EXHIBITIONS REPORT – Fall 2017

SUPPLIES:

For 2017 I received 74 orders for a total income of \$7,226. This is a bit low for this year, but with the price increases that we passed for 2018, at the Spring meeting, I expect this amount to increase for next year.

I researched for postal rate hikes for 2018 and they will increase only slightly, but the increase in prices will not be enough to need to increase the shipping price for 2018, so the \$14 for shipping will stay the same again for this next year.

Respectfully submitted, Susan Boyce
