

American Iris Society  
Board of Directors  
Spring, 2017, Des Moines, Iowa  
Betty Roberts, Chair, Judges Handbook Revision Committee

When I wrote my board report two years ago, I praised several groups for submitting revised chapters for their particular sections. The Median Section and the Japanese and Louisiana sections were among those who submitted material for the Handbook revision.

Two years later, I am still waiting to hear from three very important groups. If we are ever going to see a Handbook revision, we need to have input from the Tall Bearded, the Aril/Arilbred, and the Novelty Iris Sections.

May I please have a word with the presidents of these groups at this convention?
